Residents Encouraged to Report Stormwater Issues for the Citywide Watershed Management Plan

As the development of the city's Watershed Management Plan is underway, residents are encouraged to complete the stormwater questionnaire to report existing problem sites within the city using the interactive reporting tool. Through the tool, residents can mark on a map where the problem site is located, as well as see problem sites reported by others.

Stormwater issues reported may include home flooding, property flooding, street flooding or streambank erosion. The more information gathered through the tool, the more effective the Watershed Management Plan will be at helping the city identify and prioritize future stormwater projects. Residents may report issues now through June 1, 2023.

The City is working with engineering firm Intuition & Logic to develop a citywide Watershed Management Plan. The first project open house was held in March to collect feedback and update

Complete the online questionnaire & report existing stormwater problem sites on an interactive map at: www.crevcoeurmo.gov/stormwater

residents on the progress of the plan. A second open house will be scheduled for the spring.

City staff and Intuition & Logic engineers will continue to visit known stormwater issue sites in order to gather additional information for the plan. This project is funded by the City's Parks and Stormwater Sales Tax. For the latest information, visit www.crevcoeurmo.gov/Stormwater.

The City Council will host a public hearing at 7:00 p.m. on Monday, April 10, 2023.

The subject of the public hearing will be the proposed Capital Improvement Program (CIP) for fiscal years 2024-2028.

The CIP process includes:

- Input from residents, elected and appointed officials and city staff
- Preparation of the draft CIP by city staff
- Review of the CIP by the Planning & Zoning Commission, Finance Committee and the City Council
- A public hearing
- Final adoption by the City Council

Please visit www.crevcoeurmo.gov/CIP for more information, including the latest CIP documents.

from the desk of MAYOR HOFFMAN

Dear Neighbors,

It was my honor to attend the awards dinner recently hosted by the Creve Coeur-Olivette Chamber of Commerce recognizing Creve Coeur, Olivette and St. Louis County police officers and firefighters. Congratulations to Detective Kurt Schneider for being recognized as Creve Coeur Officer of the Year by the Chamber of Commerce. Thank you for all that you do to serve our community.

As we enter spring, there is much going on in Creve Coeur. This month's newsletter highlights the recreation opportunities available in our city. Golf course utilization is booming and the course is in great shape. With so many golfers, be sure to reserve your tee time online.

The ice rink will undergo a switch of refrigerants in the future. It is our hope that the downtime will be very minimal. The exact timing of the changeover is not certain, but we will have adequate warning. The present refrigerant is no longer allowed to be used. We will keep everyone informed as to the timing of construction but look for it to occur next year.

Our Arbor Day Celebration will take place in Millennium Park at 1:00 p.m. on Sunday, April 30. I will present the awards for the winning artwork for all age groups. Bring the family and enjoy the day.

The Heart to Heart Run will be held in Millennium Park on Saturday, June 3. You can register now on the city's website. Always a fun time for all.

Our first concert is scheduled for Thursday, May 11, at 6:00 p.m., also in Millennium Park. The always popular tribute rock band Rock Opera will be our lead-off band. Bring your lawn chairs and dinner and enjoy the music.

Be sure to vote for your favorite restaurant by April 14. The winner will be recognized with the Favorite Restaurant Award, part of the annual Creve Coeur Business Awards program.

The April 4th election has all four council members running unopposed. On the ballot is a 3% sales tax on recreational marijuana. This tax will not apply to medical marijuana, if passed.

Please lock your vehicles even when filling up with gas. And please do not leave firearms in your vehicle.

Look forward to seeing you at "Coffee with the Mayor" on Thursday, April 6, at 7:30 a.m. Enjoy the spring.

Call for Artists Open for Venable Park Commemorative Artwork

The City of Creve Coeur is seeking an artist or artist team to create a site-specific commemorative artwork for Dr. H. Phillip Venable Memorial Park that engages visitors in the Venable family's story and the legacy of racial residential segregation.

The call for artists is open through April 19 to all artists residing in the United States. The Venable Park Memorial Jury will review the submitted artist qualifications and select three finalists to develop concept proposals, which will be placed on display for public comment. The project budget is \$225,000.

The goals of the commemorative artwork include:

- Honor the Venable family and inspire the community through a visually compelling, engaging, and unique work of art.
- Educate the public about the Venables and other families and their struggle with Creve Coeur.
- Create a lasting memory of the legacy of Dr. Venable in all aspects of his life.
- Inspire contemplation and dialogue about the past and current struggles for justice and civil rights.
- Complement other park uses and the overall park design in terms of siting and scale.
